1.1 STRATEGIC DIRECTION STATEMENT¹

The Australian Sports Commission (ASC) is the Australian Government agency responsible for supporting and investing in sport, and is comprised of Sport Australia and the Australian Institute of Sport (AIS). From grassroots to the pinnacle of elite international competition, the ASC works together with the sport sector, other government partners, business, and the wider community to champion the role sport can play in engaging every Australian regardless of age, race, gender, cultural background, and physical ability.

Sport Australia is focused on getting more Australians involved in organised sport, increasing the number of players, coaches, administrators and volunteers, and ensuring sport reflects the diversity of Australian communities.

Through investment in national sporting organisations, including organisations for people with disability, Sport Australia supports the sector to be connected, innovative and grow the capability of the sport workforce to deliver enjoyable and inclusive experiences for all participants. In addition to funding, Sport Australia provides sports with expertise and guidance on governance and participation growth through resource development, program co-design, insights and market research, knowledge sharing, digital tools, online learning and education.

The AIS is Australia’s strategic high performance sport agency, responsible for leading and enabling a united and collaborative high performance system. The purpose of the AIS is to build sustainable winning systems for Australian athletes, with more sports consistently producing multiple medallists over multiple cycles, effectively inspiring the next generation of Australian athletes. Through the National High Performance Sport Strategy, the AIS will work to ensure the high performance system is recognised as world leading and prioritising wellbeing, with athletes helping to build national pride, inspiring and positively influencing the Australian community.

The AIS will continue assisting sports and partners to achieve success at pinnacle international events, including the 2022 Winter Olympic and Paralympic Games in Beijing and the 2022 Commonwealth Games in Birmingham. The AIS will also continue leading the high performance system, implementing strategies for long term sustainable success, with an emphasis on athlete health and wellbeing, coach development, performance support pathways and innovation, building towards the Brisbane 2032 Olympic and Paralympic Games and beyond. Expert medical and wellbeing support for sports and athletes remains a focus of the AIS, especially during the COVID-19 pandemic. The Australian Sports Commission continues to work with government to explore options for the revitalisation of the AIS Campus in Canberra in line with *Sport 2030 – National Sport Plan* goals.

The role and functions of the ASC are set out in the *Australian Sports Commission Act 1989*. The ASC is a corporate Commonwealth entity under the *Public Governance, Performance and Accountability Act 2013*.

¹ For more information about the strategic direction of the ASC, refer to the current Corporate Plan, available at: www.sportaus.gov.au/media_centre/publications

1.2 ENTITY RESOURCE STATEMENT

Table 1.1 shows the total funding from all sources available to the entity for its operations and to deliver programs and services on behalf of the Government.

The table summarises how resources will be applied by outcome (government strategic policy objectives) and by administered (on behalf of the Government or the public) and departmental (for the entity's operations) classification.

For more detailed information on special accounts and special appropriations, refer to *Budget Paper No. 4 – Agency Resourcing*.

Information in this table is presented on a resourcing (that is, appropriations/cash available) basis, whilst the 'Budgeted expenses by outcome' tables in Section 2 and the financial statements in Section 3 are presented on an accrual basis.

Section 2: Outcomes and Planned Performance

Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs that contribute to government outcomes over the Budget and forward years.

Each outcome is described within this section, together with its related programs. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

Note:

Performance reporting requirements in the Portfolio Budget Statements are part of the Commonwealth Performance Framework established by the *Public Governance, Performance and Accountability Act 2013*. It is anticipated that the performance measures described in Portfolio Budget Statements will be read with broader information provided in an entity's Corporate Plan and Annual Performance Statement – included in Annual Reports – to provide an entity's complete performance story.

The ASC's most recent Corporate Plan and Annual Performance Statement are available at: www.sportaus.gov.au/media_centre/publications

2.1 BUDGETED EXPENSES AND PERFORMANCE

Planned Performance for the ASC

Table 2.1.2 details the performance measures for the program associated with Outcome 1. It also provides the related key activities as expressed in the current Corporate Plan where further detail is provided about the delivery of the activities related to the program, the context in which these activities are delivered and how the performance of these activities will be measured. Where relevant, details of 2022–23 Budget measures that have created new programs or materially changed existing programs are provided.

Table 2.1.2: Performance Measures for the ASC

Outcome 1
Increased participation in organised sport and continued international sporting success including through leadership and development of a cohesive and effective sports sector, provision of targeted financial support, and the operation of the Australian Institute of Sport.
Program Objective – Program 1.1: Australian Sports Commission
Sport Australia is focused on increasing participation and involvement in organised sport and improving the capability of our sports sector. The Australian Institute of Sport will strive to deliver national pride and inspiration through international sporting success.
Key Activities
<ul style="list-style-type: none"> • Leading and enabling a united and collaborative high performance system that supports Australian athletes to consistently win medals at major international events. • Our high performance system is recognised as world-leading, prioritising wellbeing, with athletes positively influencing the Australian community <ul style="list-style-type: none"> – establish strong fundamental conditions for success throughout the system – build system capability, particularly in National Sporting Organisations and the National Institute Network – target investment for current and future cycles with performance accountability – support athlete wellbeing and facilitate their engagement with communities – execute the big things on the frontiers of ethical sporting performance that no other body is naturally positioned to do, including through multidisciplinary expert programs. • More Australians to get involved in organised sport <ul style="list-style-type: none"> – help Australians understand the value and benefits of organised sport – enable organised sport providers to deliver an inviting and enjoyable experience for all – drive involvement and inclusion in organised sport. • A thriving, organised sports sector <ul style="list-style-type: none"> – enable a more cohesive, innovative and effective sector – support organisations running sports to improve their effectiveness – grow the capability of individuals in the Australian sport workforce.

Performance Measures		
Percentage of high-performance funded sports rated by the Australian Institute of Sport (AIS) as achieving benchmark targets.		
Current Year 2021–22 Expected Performance Results	Budget Year 2022–23 Planned Performance Results	Forward Estimates 2023–26 Planned Performance Results
Full data for the percentage of National Sporting Organisations (NSOs) achieving agreed performance outcomes is not yet available. Results will be confirmed following the Winter Olympic and Paralympic Games. Delays in the annual review process due to the postponement of the Tokyo Olympic and Paralympic Games, and ongoing COVID-19 impacts, means the target of 90% of all high performance funded NSOs demonstrating clear progression on annual agreed action plans is unlikely to be met in 2021–22. NSO action plans will launch in July 2022.	On average, 85% of high performance funded National Sporting Organisations achieve agreed performance outcomes ³ at their pinnacle event (Olympic, Paralympic and/or Commonwealth Games). 90% of all high performance funded National Sporting Organisations demonstrate clear progression on annual agreed action plans and implementation of best practice systems and processes within their high performance program, as identified through the annual review process with the AIS.	As per 2022–23.
Increase sport participation by Australian children aged 5 to 14 years.		
Current Year 2021–22 Expected Performance Results	Budget Year 2022–23 Planned Performance Results	Forward Estimates 2023–26 Planned Performance Results
Data is not yet available to confirm if this target has been met, or forecast that it will be met.	47% of children in Australia aged 5 to 14 years participate in at least 2 hours per week of organised sport outside of school hours. ⁴ Participant attendances in the Sporting Schools Program to reach 850,000. ⁵	As per 2022–23. ⁶

³ Performance outcomes are measured as agreed between the AIS and each funded NSO, and progression toward these is monitored annually.

⁴ Filtered by sport-related activities (as reported through AusPlay). AusPlay is currently funded to 30 June 2022. The measurement methodology is contingent on funding of AusPlay beyond 30 June 2022.

⁵ The Sporting Schools Program is funded to 31 December 2022.

⁶ Dependent upon confirmation of ongoing funding.

Section 3: Budgeted Financial Statements

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of entity finances for the 2022–23 Budget year, including the impact of Budget measures and resourcing on financial statements.

3.1 BUDGETED FINANCIAL STATEMENTS

3.1.1 Differences between Entity Resourcing and Financial Statements

The Entity Resource Statement provides a consolidated view of all the resources available in 2022–23. This includes operating appropriations, funds from other sources, and cash and investments to cover payables and provisions on the balance sheet. Operating appropriation is shown as Revenue from Government in the comprehensive income statement.

3.1.2 Explanatory Notes and Analysis of Budgeted Financial Statements

Departmental Resources

Comprehensive Income Statement

The ASC is budgeting for an operating loss in the 2022–23 Budget year and over the forward estimates, mainly relating to unfunded depreciation. The estimated actual operating loss in 2021–22 of \$25.0 million is due to unfunded depreciation and the impact COVID-19 has had both on timing of grant payments and ASC commercial operations.

Total own source revenue for 2022–23 is budgeted at \$21.5 million, slightly lower than the 2021–22 estimated actual result of \$23.9 million. This slight decrease reflects one-off contributions from other Government departments in 2021–22 (Contributions from Government entities) not repeated in 2022–23, partially offset by increased commercial revenue (sale of goods and rendering of services) beginning to return to pre-COVID-19 levels.

Grants in 2022–23 are budgeted at \$234.0 million, a decrease of \$9.5 million from the 2021–22 estimated actual result, predominantly reflecting the grants funded through one-off contributions from other Government departments in 2021–22.

Employee expenses of \$62.3 million support an Average Staffing Level (ASL) of 494 in 2022–23. For 2021–22, the ASC is estimating to end the year with an ASL of 451, which includes the impact COVID-19 has had on the casual workforce.

Balance Sheet

Total assets for 2022–23 are estimated to be \$293.8 million, comprising \$93.6 million in financial assets and \$200.2 million in non-financial assets. Total liabilities for 2022–23 are estimated to be \$26.1 million, with the primary liabilities accrued being employee entitlements, which total \$14.4 million.

Total equity is budgeted to be \$267.7 million at the end of 2022–23. The reduction in equity over the forward estimates mainly reflects the impact of the unfunded depreciation expense.
